

PRINCE2™ Practitioners Conversion (3) days

Overview

These accredited courses have been designed to provide delegates with the skills to understand the PRINCE2™ methodology and its practical application. All delegates will receive a free copy of the PRINCE2 manual 'Managing Successful Projects with PRINCE2'.

This course is run in partnership with Core IS who are an APM Group Ltd Accredited Training Organisation.

Who Should Attend?

Delegates who have previously completed the Foundation Examination either with Hemsley Fraser or elsewhere and wish to complete the Practitioner examination.

Pre-requisites

Delegates must have previously passed the Foundation Examination and are expected to have refreshed their PRINCE2 knowledge before attending this course. The course prepares delegates to pass the practitioner exam, rather than the PRINCE2 method itself. We spend three days studying sample scenarios, learning Practitioner exam techniques, and practising sample questions. Delegates tell us this is really useful and exciting. Delegates attending this receive all our handouts targeted towards answering questions on PRINCE2 topics.

Content

- Refresher of PRINCE2 methodology
- Sample Scenarios
