QA Accelerated - MCTS: Windows 7 Client, Installing and Configuring - QAMCTSW7C9

Course Details

Days 3
Course code QAMCTSW7C9

Course Outline

Certify in the fastest time with QA Accelerated

Focus on earning an MCTS Installing and Configuring Windows 7 Client certification on our intensive ACCELERATED track. Demonstrate your skill in working with Windows 7.

The QA Accelerated certification programmes provide you with everything you need to gain certification in a shortest time. Including:

- Full Microsoft Official Curriculum
- All events delivered by QA's expert MCT team
- Extended delivery days - normally 8:30am - 6:00pm
- Practice tests taken with full support from your instructor
- Exam 70-680 TS: Microsoft Windows 7 Configuring exam taken on the final day of your course

Prerequisites

This course is intended for IT professionals who currently use a version of Windows client at their work place and are looking at new and better ways to perform some of the current functions whilst gaining MCTS certification. They should already have:-

- Experience installing PC hardware and devices.
- Basic understanding of TCP/IP and networking concepts.
- Basic Windows and Active Directory knowledge.

- The skills to map network file shares.
- Experience working from a command prompt.
- Basic knowledge of the fundamentals of applications. For example, how client computer applications communicate with the server.
- Basic understanding of security concepts such as authentication and authorization.
- An understanding of the fundamental principles of using printers.

What will the track cover?

- Installing, Upgrading, and Migrating to Windows 7
- Configuring Disks and Device Drivers
- Configuring File Access and Printers on Windows 7 Client Computers
- Configuring Network Connectivity
- Configuring Wireless Network Connections
- Securing Windows 7 Desktops
- Optimizing and Maintaining Windows 7 Client Computers
- Configuring Mobile Computing and Remote Access in Windows 7
